

Furniture Making

Carved wooden animal heads (made when I was 16 years old)

Carved salad forks (made when I was 17 years old)

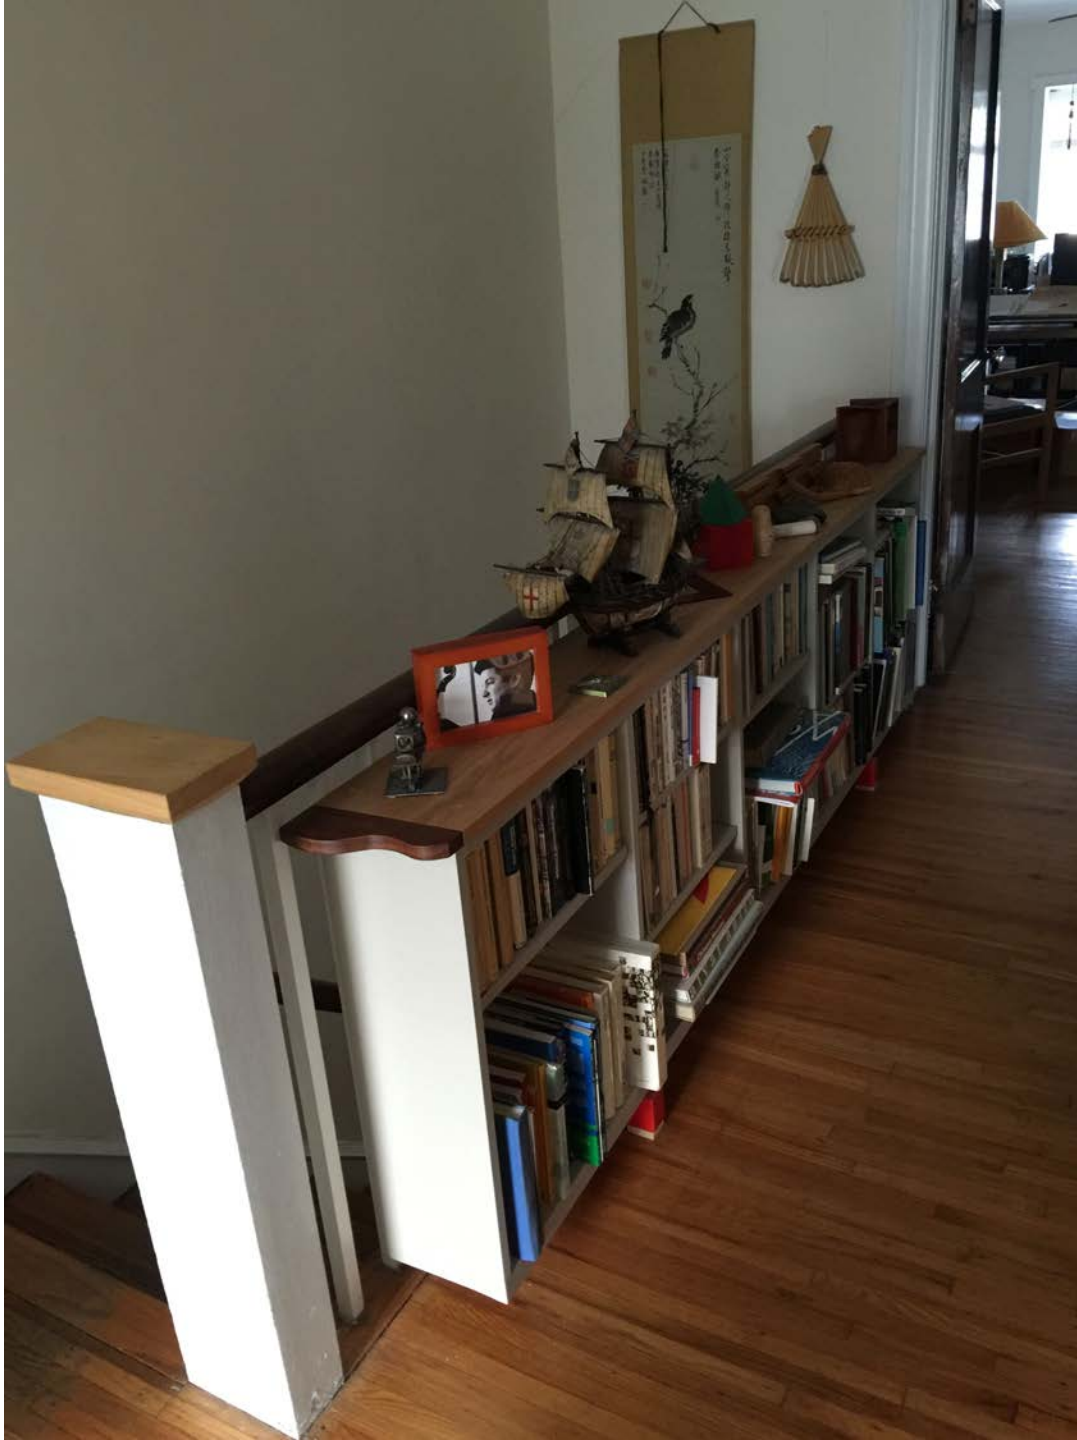

A glass-faced display box with a removable top for ornamental goblets

A knick-knack shelf for my sister's house foyer

Our living room, with things I made: A floor lamp, bookcase, coffee table from a piece of a walnut tree with steel legs, a set of three round stools

A bookcase

My workshop with a drawing desk and foot-stool nearly finished

A display box with sliding glass front

A knick-knack shelf

A pine coffee table

The coffee table from a walnut slab with steel legs

A drawing table with adjustable top + paper storage cabinet

The drawing table in my workshop

A podium for my daughter for her solo cello performances (it is in two parts, with a wooden cart with wheels to haul it with)

Three sheet-music shelves for my daughter's teaching studio

A shelf for stuff by the front door of my daughter's house

A kitchen bench with drawers underneath for storing things, in our house in Indiana

My home office in Indiana
